TERSELY TOLD

There will be a late dummy tomorrow night, the occasion being "The Player Maid."

Mr. and Mrs. Milton R. Jones, of Jackson, Miss., are in the city, where they are spending their honeymoon.

Dr. W. H. Delacy, of Crestview, Fla., was among the many Christmas visitors to the city yesterday.

The fishing schooner Clara R. Grimes and Ruth A. Welles, of the fleet of Saunders & Co., arrived yesterday from the fishing banks. They brought in a total catch of 2,400 snappers.

Joe L. Licata, and family, formerly of Pensacola, who have been residing at Columbus, Miss., are in the city to spend the holidays with relatives and friends.

If you use Blue Ribbon Lemon or Vanilla Extracts in your Christmas desserts, the flavor will be absolutely perfect. Ask your grocer for Blue Ribbon Lemon or Vanilla Extract, and say "Hi, plain."

Excursion to Life Saving Station.
The fast yacht "Cupid" will leave the city wharf today at 10 o'clock for the life saving station, returning to city at 2 o'clock.

CAPT. BENNIE EDMUNDSON,

TUG UNCAS IS TO LEAVE TO-DAY

**WILL TOW HOUSE BOAT, WHICH
WAS CONSTRUCTED AT
NAVY YARD TO
CUBA.**

The tug Uncas, which arrived here a few days ago, will probably sail this morning from the Pensacola navy yard for Cuba, having in tow a house boat, built at the yard.

The houseboat is now ready for use, having been fitted out thoroughly. It was at first built for a coal barge, but later orders came to convert it into a house boat for use of a party of surveyors who are to survey a bay in Cuba.

This barge is similar to one now under construction at the local yard, and the workmanship is pronounced excellent.

The surveyors are now in Cuba, and will remain there until the Uncas and her tow reach the point where they are now located.

NIGHT SESSION OF PENSACOLA Y. M. C. A.

Classes are Growing and Prospects are Bright—Many New Members Received.

Quite a number of young men have made application for admission to the classes of the Y. M. C. A. night school which are to begin the first week in January. There seems to be a good demand from shop men and clerks for classes in mechanical drawing and mathematics. Excellent instructors have been secured for each of the subjects. The cost will be five dollars for each class taken for the term of four months, and ten dollars for one year's membership fee in the association. These classes are especially for the benefit of employed men two nights each week. As some time is necessary to make arrangements every young man interested in these or other lines of study should send in his name at once or call at the association to talk the matter over with the secretary of the association.

Classes for working boys between the ages of 14 and 18 will be started if there is a demand for such classes. Membership Growing.

In spite of the fact that no systematic effort has been made to secure members a large number of applications have been sent in.

At a recent meeting of the board of directors the following membership committee was appointed:

R. B. Simpson, Chairman; H. J. Greenhut, J. S. Leonard, E. L. Reese and J. McL. Gillis.

Nearly two hundred applications for membership have been accepted and the association home is beginning to be a lively place. No special invitation to join is necessary. Any member will be glad to furnish membership application blanks or these blanks may be had at the association building.

Regular gymnasium classes are running on Tuesday and Friday nights and other classes will be arranged to suit the convenience of members.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

Get a bottle of Blue Ribbon Lemon or Vanilla Extracts and give your Christmas desserts the famous "Blue Ribbon flavor."

SOME BEAUTIFUL ART CALENDARS

**HOOTON'S PHARMACY WILL GIVE
THEM WITH PURCHASES BE-
GINNING TUESDAY.**

What is undoubtedly the most artistic and highest priced calendar seen in Pensacola this year, or probably ever seen here, is the handsome art creation presented at Hooton's Pharmacy.

The calendar represents a vase filled with flowers, the latter being in raised work and handsomely and naturally colored. Were this calendar to be sold it would bring from 75 cents to a dollar anywhere and be worth the money.

Beginning Tuesday Mr. Hooton will give one of these calendars, until the supply is exhausted, to every customer purchasing goods to the amount of \$1.00 or more.

Hooton's Pharmacy has been a dream of beauty for the past two weeks and is worthy of a visit from everyone who appreciates art and enterprisers.

DELAY TO MAIL CHIPLEY TO ST. ANDREWS

Investigation by Journal Representative Disclosed Cause of Complaints.

A few days since The Journal published a special dispatch from Chipley relative to delay in mail between that place and points on St. Andrews Bay. For several weeks complaints have been made by residents at points around the bay and on the Chipley. St. Andrews mail route that the delivery of The Journal was irregular, sometimes not being received at all, and nearly always later than the mail facilities warranted.

The Journal's West Florida traveling representative, Al Hogeboom, in the interest of The Journal's many subscribers in that section, began a careful investigation into the matter a short time since with result that five mail sacks, filled with mail, were found in the stable where the mail wagon was kept, all of which should have gone forward from one to three or four days previously.

That Mr. Hogeboom is entitled to the credit of discovering the cause of delay is shown by the following letter which has just been received from Postmaster Alley at Chipley:

Hon. Frank L. Mayes, Dear Sir:—When your Mr. Al Hogeboom was on his trip along the mail route to Bay Head and St. Andrews, he carefully investigated all the postoffices and mail conditions from St. Andrews to Chipley in order to find out, if possible, the cause of the delay of mail between these two points.

On his return we compared notes which led us to the one conclusion that the missing mail had never left Chipley. Upon this theory we acted, and in a few hours Mr. Hogeboom returned with the information as to its whereabouts.

On this information I took proper measures for its recovery, and found the five missing sacks just where he told me I would.

I wish to add here, that to the efficient circulating agent of The Pensacola Journal, your Mr. Al Hogeboom, is due the credit for the good work done, more than any one else. Yours very respectfully,

J. S. ALLEY, P. M.
